Is Brexit having an effect on your service?

You might not have had any issues so far, but some services are beginning to experience some unexpected changes to how suppliers are operating. The list below highlights what has been happening so far, and if your service experiences any of these issues too, then help is at hand.

Supplies and Services issues arising due to Brexit

Since the UK exit from the EU on 1 January 2021 a small number of issues relating to changes in supply routes and services have arisen including:

- Disruption to supplies
- Delays in supplies being received
- Customs/import clearance queries
- Additional customs or handling charges
- Requests for EORI (Economic Operators Registration and Identification) numbers (*please note: suppliers who are importing the goods should use their EORI number – the Board's EORI number is only required if GGC are importing the goods directly*).

Any issues regarding changes to the supply of goods or services as a result of Brexit must be sent to the Procurement Customs help desk who will be able to assist. They can be contacted via email: support@ggcprocurementcustomerservices.zendesk.com or by phone 0141 211 1200 or 21200 (Monday-Friday, 10.00am - 12.00noon and 2pm to 3pm).

Erskine Bridge roadworks

The A82 northbound off-slip closure from the Erskine Bridge will be closed from 22:00 on Friday 5 March to 06:00 on Monday 8 March. More information on this, including the diversion route is available [here](#).

COVID-19 – Protect yourself and others

Remember:
