We are looking for Champions to share good practice around future care planning, please let us know if you can help out.

Become a Champion

Once again we had a fabulous response during **Demystifying Death Week** (May) and **Carers Week** (June).

We'd like to thank **all our speakers** for sharing their valuable insight, to **everyone who attended** our events and to those individuals, teams and organisations **who promoted** both weeks.

Click here to watch recordings of many of our events over the years!

Programme Update

We've updated our Future Care Plan Summary Examples on our website and added a few more.

Summary Library

Details of our **summer training programme** are on page 2, including a new session "**Recording on CNIS**" - learn what codes to use for Future Care Planning and what they mean (EMIS session also on offer).

It's nearly that time of year for Future Care Planning Audits - have you set your date?
