Coming Live in 2025

Future Care Planning Clinical Portal Update

We are delighted to hear from e-Health that the recent proposed changes to the Future Care Planning Summary on Clinical Portal will be ready to go live in the New Year (we will let you know when this happens).

Updates will include:

- Document name change to 'Future Care Plan'
- Inclusion of a question about Treatment Escalation Plans during hospital admissions
- Verification of Power of Attorney
- Re-wording of some section headings/questions to make them more user friendly
- Amendments/additions to - Triggers, Job Family and Sector 'drop downs'

We will also be updating our PDF summary and other guidance documents to reflect these changes when they happen.

We will be in touch with everyone once they changes have been made to let you know any steps you need to take to ensure information on the old style of forms can be safely transferred to the new version..

NHSGGC DNACPR Policy Review

Just before the end of last year, a small working group was set up to review the NHSGGC DNACPR Policy. This policy sets out when conversations about cardiopulmonary resuscitation (CPR) should happen, and who should be involved.

There are some situations when CPR would not be a beneficial treatment, but it is important that we have conversations with individuals and the people that matter to them so that everyone understands why CPR may or may not be suitable.

One of the key messages we want to highlight is that conversations about CPR should be part of wider shared decision making conversations which can be documented in Future Care Plans or a Treatment Escalation Plan, and should never happen in isolation. We will let you know when the new policy is published.

THANKS FOR ALL

YOUR SUPPORT IN 2024

HomeFirst Design & Delivery Plan

We are still 'tweaking' our plan in response to feedback from various meetings with individuals and services. We want to get the future aims of the programme and content on point before it is presented to the IJB.

We'll keep you posted!

We are looking for YOU!

Future Care Planning Sub Groups:

- Secondary Care Group
- Care Home Group
- Hospice Group

We are so grateful to the many staff across the Health Board that participate in the Future Care Planning Implementation Group and related sub groups.

If you have not been for a while, we'd love to see you again in 2025 or if you want to find out about joining one of the groups, please get in touch.

Future Care Planning Sector Quarterly Audits

Don't forget that the next set of Future Care Planning Clinical Portal audits are due to take place by the end of January (covering the period October-December 2024).

Each HSCP has its own a small audit group but if you or someone in your team would like to join an audit session, please get in touch and we will link you into the right sector/audit lead.

If you can't attend your local audits, or don't work in an HSCP, we have some other sessions you can get involved in - get in touch!

DON'T FORGET

Email: ggc.HomeFirst@nhs.scot

We are particularly looking for new members to join the 3 sub groups above, if you have an interest in Future Care Planning and work within any of these sectors, again please get in touch. If you need more information before making a decision, we are happy to talk through what is involved.
