

NHS Greater Glasgow and Clyde Equality Impact Assessment Tool

Equality Impact Assessment is a legal requirement as set out in the Equality Act (2010) and the Equality Act 2010 (Specific Duties) (Scotland) regulations 2012 and may be used as evidence for cases referred for further investigation for compliance issues. Evidence returned should also align to Specific Outcomes as stated in your local Equality Outcomes Report. Please note that prior to starting an EQIA all Lead Reviewers are required to attend a Lead Reviewer training session or arrange to meet with a member of the Equality and Human Rights Team to discuss the process. Please contact Equality@ggc.scot.nhs.uk for further details or call 0141 2014560.

Name of Policy/Service Review/Service Development/Service Redesign/New S	Service:				
NHSGGC Incident Management and Recording Policy 2024					
Is this a: Current Service Service Development Service Redesign	New Service ☐ New Policy ☐ Policy Review ✓				
Description of the service & rationale for selection for EQIA: (Please state if the	nis is part of a Board-wide service or is locally driven).				
What does the service or policy do/aim to achieve? Please give as much in public domain and should promote transparency.	formation as you can, remembering that this document will be published in the				
	The incident reporting and management policy details a process that should enable NHSGGC to identify, analyse, manage and communicate risk(s) and forms part of the Risk Management Strategy.				
Why was this service or policy selected for EQIA? Where does it link to orgeneevance, potential legal risk etc.). Consider any locally identified Specific	ganisational priorities? (If no link, please provide evidence of proportionality, outcomes noted in your Equality Outcomes Report.				
While the policy has limited relevance for most legally protected ch how to report, record and investigate clinical and non-clinical incide responsibilities including statutory legal duties.	naracteristics, it sets out process and provision to ensure all staff know ents, including near misses and potential incidents and explains				
Who is the lead reviewer and when did they attend Lead reviewer Training? (Fidentified as a result of the EQIA)	Please note the lead reviewer must be someone in a position to authorise any actions				
,	Date of Lead Reviewer Training:				
	Booked for August 2024- cancelled by provider. Now booked for December 2024				

Please list the staff involved in carrying out this EQIA

(Where non-NHS staff are involved e.g. third sector reps or patients, please record their organisation or reason for inclusion):

		Example	Service Evidence Provided	Possible negative impact and Additional Mitigating Action Required
1.	What equalities information is routinely collected from people currently using the service or affected by the policy? If this is a new service proposal what data do you have on proposed service user groups. Please note any barriers to collecting this data in your submitted evidence and an explanation for any protected characteristic data omitted.	A sexual health service collects service user data covering all 9 protected characteristics to enable them to monitor patterns of use.	NHSGGC captures workforce equality data in-line with requirements as set out in the Equality Act (2010) Specific Duties (Scotland) Regulations (2012). Data captured on incident reports may also include protected characteristics. It may also be subject to Freedom of Information requests however will be redacted or anonymised as required.	
		Example	Service Evidence Provided	Possible negative impact and Additional Mitigating Action Required
2.	Please provide details of how data captured has been/will be used to inform policy content or service design. Your evidence should show which of the 3 parts of the	A physical activity programme for people with long term conditions reviewed service user data and found very low uptake by BME (Black and Minority Ethnic) people. Engagement	As above,	·

	General Duty have been considered (tick relevant boxes). 1) Remove discrimination, harassment and victimisation 2) Promote equality of opportunity	activity found promotional material for the interventions was not representative. As a result an adapted range of materials were introduced with ongoing monitoring of uptake. (Due regard promoting equality of opportunity)		
	3) Foster good relations Detween protected characteristics.			
	4) Not applicable			
		Example	Service Evidence Provided	Possible negative impact and Additional Mitigating Action Required
3.	How have you applied learning from research evidence about the experience of equality groups to the service or Policy? Your evidence should show which of the 3 parts of the General Duty have been considered (tick relevant boxes). 1) Remove discrimination, harassment and victimisation	Looked after and accommodated care services reviewed a range of research evidence to help promote a more inclusive care environment. Research suggested that young LGBT+ people had a disproportionately difficult time through exposure to bullying and harassment. As a result staff were trained in LGBT+ issues and were more confident in asking	The policy is informed by the Reporting of Injuries Diseases and dangerous Occurrences Regulations 2013 (RIDDOR), Management of Significant Adverse Events Policy and Duty of Candour	

	2) Promote equality opportunity 3) Foster good relations between protected characteristics 4) Not applicable	related questions to young people. (Due regard to removing discrimination, harassment and victimisation and fostering good relations).		
		Example	Service Evidence Provided	Possible negative impact and Additional Mitigating Action Required
4.	Can you give details of how you have engaged with equality groups with regard to the service review or policy development? What did this engagement tell you about user experience and how was this information used? The Patient Experience and Public Involvement team (PEPI) support NHSGGC to listen and understand what matters to people and can offer support. Your evidence should show which of the 3 parts of the General Duty have been considered (tick relevant boxes).	A money advice service spoke to lone parents (predominantly women) to better understand barriers to accessing the service. Feedback included concerns about waiting times at the drop in service, made more difficult due to child care issues. As a result the service introduced a home visit and telephone service which significantly increased uptake. (Due regard to promoting equality of opportunity) * The Child Poverty (Scotland) Act 2017 requires organisations to take actions to reduce	Consultation in partnership with staff side through NHS GGC Health & Safety Forum.	

	1) Remove discrimination, harassment and victimisation 2) Promote equality of opportunity 3) Foster good relations between protected characteristics 4) Not applicable	poverty for children in households at risk of low incomes.		
		Example	Service Evidence Provided	Possible negative impact and Additional Mitigating Action Required
5.	Is your service physically accessible to everyone? If this is a policy that impacts on movement of service users through areas are there potential barriers that need to be addressed? Your evidence should show which of the 3 parts of the General Duty have been considered (tick relevant boxes).	An access audit of an outpatient physiotherapy department found that users were required to negotiate 2 sets of heavy manual pull doors to access the service. A request was placed to have the doors retained by magnets that could deactivate in the event of a fire. (Due regard to remove discrimination, harassment and victimisation).	The policy applies to all employees of NHSGGC in all locations. It covers <u>all</u> incidents, whether they involve patients, relatives, visitors, staff, contractors, volunteers or the general public.	

	1) Remove discrimination, harassment and victimisation 2) Promote equality of opportunity 3) Foster good relations between protected characteristics. 4) Not applicable			
		Example	Service Evidence Provided	Possible negative impact and Additional Mitigating Action Required
6.	How will the service change or policy development ensure it does not discriminate in the way it communicates with service users and staff? Your evidence should show which of the 3 parts of the General Duty have been considered (tick relevant boxes). 1) Remove discrimination, harassment and victimisation 2) Promote equality of opportunity	Following a service review, an information video to explain new procedures was hosted on the organisation's YouTube site. This was accompanied by a BSL signer to explain service changes to Deaf service users. Written materials were offered in other languages and formats. (Due regard to remove discrimination, harassment and victimisation and promote equality of	Communicated through all Sector/Directorate & HSCP Safety Forum/Committees. Communication to the wider organisation through Core Brief. NHS GGC LearnPro module GGC002 Health and Safety. Health & Safety Training SHaW Task Calendar	

	3) Foster good relations between protected characteristics 4) Not applicable The British Sign Language (Scotland) Act 2017 aims to raise awareness of British Sign Language and improve access to services for those using the language. Specific attention should be paid in your evidence to show how the service review or policy has taken note of this.	opportunity).		
7	Protected Characteristic		Service Evidence Provided	Possible negative impact and Additional Mitigating Action Required
(a)	Age Could the service design or possible disproportionate impact on peage? 	Protected Characteristic	Service Evidence Provided	Possible negative impact and Additional Mitigating Action Required
(j)	Socio – Economic Status & Social Class Could the proposed service change or policy have a disproportionate impact on people because of their social class or experience of poverty and what mitigating action have you taken/planned? In addition to the above, if this constitutes a 'strategic decision' you should evidence due regard to meeting the requirements of the Fairer Scotland Duty (2018). Public bodies in Scotland must actively consider how they can reduce inequalities of outcome caused by socioeconomic disadvantage when making strategic decisions and complete a separate assessment. Additional information available here: Fairer Scotland Duty: guidance for public bodies - gov.scot (www.gov.scot)	No perceived impact. The policy applies to all employees of NHSGGC in all locations.	
(k)	Other marginalised groups How have you considered the specific impact on other groups including homeless people, prisoners and exoffenders, ex-service personnel, people with	Not applicable	

	addictions, people involved in prostitution, asylum seekers & refugees and travellers?		
8.	Does the service change or policy development include an element of cost savings? How have you managed this in a way that will not disproportionately impact on protected characteristic groups? Your evidence should show which of the 3 parts of the General Duty have been considered (tick relevant boxes). 1) Remove discrimination, harassment and victimisation 2) Promote equality of opportunity 3) Foster good relations between protected characteristics.	Not relevant	
9.	What investment in learning has been made to prevent discrimination, promote equality of opportunity and foster good relations between protected characteristic groups? As a minimum include recorded completion rates of statutory and mandatory learning programmes (or local equivalent) covering equality, diversity and human rights.	Service Evidence Provided All NHSGGC are required to complete the statutory and mandatory equality and human rights e-learning module.	Possible negative impact and Additional Mitigating Action Required

10. In addition to understanding and responding to legal responsibilities set out in Equality Act (2010), services must pay due regard to ensure a person's human rights are protected in all aspects of health and social care provision. This may be more obvious in some areas than others. For instance, mental health inpatient care or older people's residential care may be considered higher risk in terms of potential human rights breach due to potential removal of liberty, seclusion or application of restraint. However risk may also involve fundamental gaps like not providing access to communication support, not involving patients/service users in decisions relating to their care, making decisions that infringe the rights of carers to participate in society or not respecting someone's right to dignity or privacy.

The Human Rights Act sets out rights in a series of articles – right to Life, right to freedom from torture and inhumane and degrading treatment, freedom from slavery and forced labour, right to liberty and security, right to a fair trial, no punishment without law, right to respect for private and family life, right to freedom of thought, belief and religion, right to freedom of expression, right to freedom of assembly and association, right to marry, right to protection from discrimination.

Please explain in the field below if any risks in relation to the service design or policy were identified which could impact on the human rights of patients, service users or staff.

Not relevant

Please explain in the field below any human rights based approaches undertaken to better understand rights and responsibilities resulting from the service or policy development and what measures have been taken as a result e.g. applying the PANEL Principles to maximise Participation, Accountability, Non-discrimination and Equality, Empowerment and Legality or FAIR*.

Not relevant

- Facts: What is the experience of the individuals involved and what are the important facts to understand?
- Analyse rights: Develop an analysis of the human rights at stake
- Identify responsibilities: Identify what needs to be done and who is responsible for doing it
- Review actions: Make recommendations for action and later recall and evaluate what has happened as a result.

ia the	Quality Assurance process:
	Option 1: No major change (where no impact or potential for improvement is found, no action is required)
	Option 2: Adjust (where a potential or actual negative impact or potential for a more positive impact is found, make changes to mitigate risks or make improvements)
	Option 3: Continue (where a potential or actual negative impact or potential for a more positive impact is found but a decision not to make a change can be objectively justified, continue without making changes)
	Option 4: Full mitigation of identified risk not made, decision to continue without objective justification (Lead Reviewer to provide explanatory note here):
	Option 5: Stop and remove (where a serious risk of negative impact is found, the plans, policies etc. being assessed should be halted until these issues can be addressed)

Having completed the EQIA template, please tick which option you (Lead Reviewer) perceive best reflects the findings of the assessment. This can be cross-checked

on sexual orientation, faith etc please use the box below to describe the activity and the benefits this has brought to the service. This information help others consider opportunities for developments in their own services.				
Actions – from the additional mitiga summarise the actions this service		ents boxes completed above, please	Date for completion	Who is responsible?(initials)
