Open University
Nursing Degree

Part 2

Entry requirements
and application
process

About The Open University

Our mission is...

To be open to people, places, methods and ideas

We believe that...

education should be 'open' to anyone, any time, any place

Developing graduate nurse qualities

- Compassionate, caring and promotes dignity
- Upholds professional values
- Critical, analytical and creative thinker
- Committed to empowering service users
- Evidence-based decision maker
- Committed to inter-professional working
- Leader of people and resources
- Manages change and innovates in practice
- Independent learner
- Committed to lifelong learning

Nursing degrees

Practice

- Ongoing assessments using PAD
- PAI (Practice Assessment Interview)

Practice Learning Pathways (PLPs)

Learning **for** practice and learning **in** practice integrated throughout the programme

Provide **three** practice learning experiences in each level:

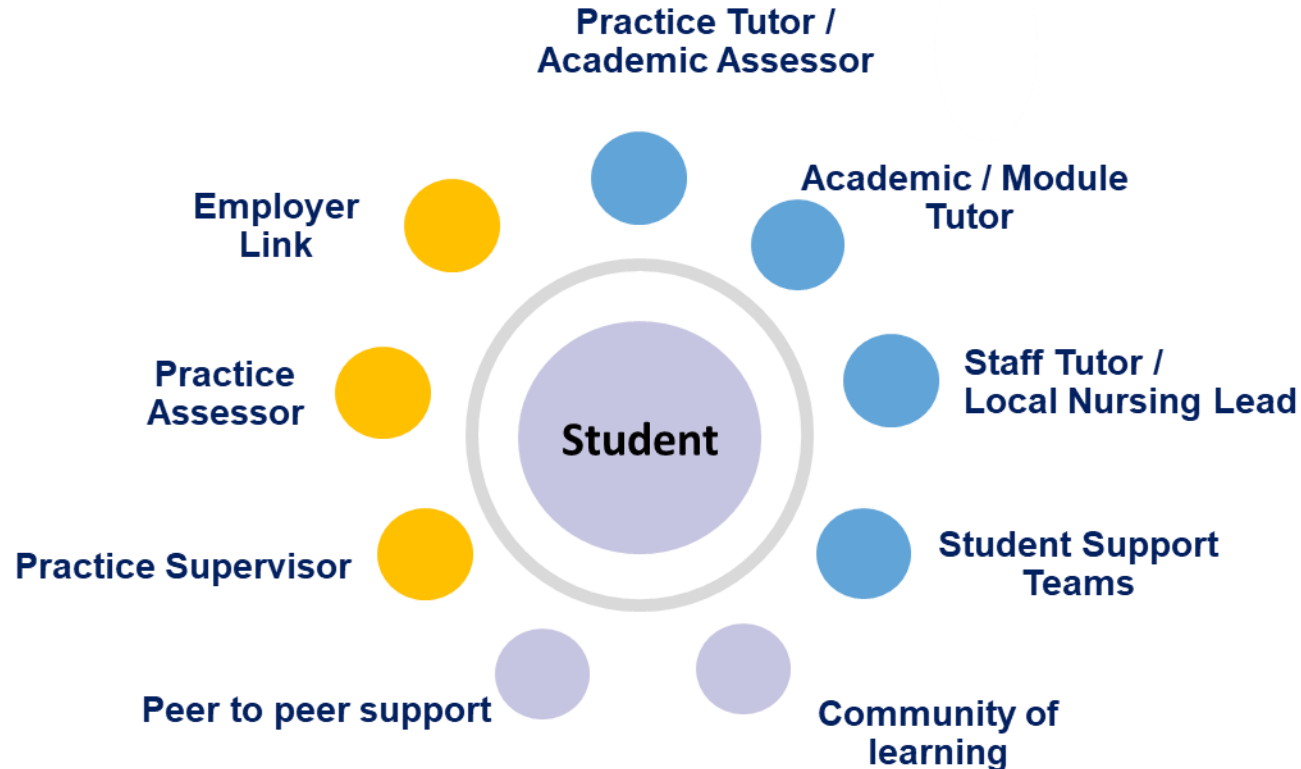

- two complimentary (outside of own work area)
- one base placement

Ensure students meet NMC requirements

Base placement will be at the end of each level

770 practice hours completed at each level

Supporting student success

Further support

- Library
- IT Helpdesk
- Student Home
- Student Support Team
- Module Teams

Practice Based Learning Support

Practice Supervisor

- Role model / facilitate learning of students through independent participation
- Raise and respond to competency and conduct concerns
- Supervise, support and provide feedback to students
- Contribute to assessment and progress decisions made by assessors

Practice Assessor

- Conduct assessments to confirm achievement of practice learning outcomes
- Make and record decisions on achievement, proficiency and conduct based on multiple sources of evidence
- Communicate and collaborate with academic assessors to agree student progression and proficiency
- Assigned to a student for a placement or series of placement

Practice Tutor / Academic Assessor

- Collate and confirm student achievement of academic progress, proficiencies and skills based on multiple sources of evidence
- Communicate and collaborate with practice assessors to agree student progression
- A different academic assessor assigned for each part of the programme

Our nursing students

- Work in a healthcare support role and **have the support of their employer**
- Have the potential and **values** to succeed as a nurse
- Meet the **NMC requirements for entry** to nurse education
- Have a **strong personal commitment** to their development of knowledge, skills and attributes
- Study with students from a **diverse range of backgrounds**
